

Excelera Plus MYGIA™

We've got your best interest in mind!

At the end of Your Multi Year Guarantee Period, your account value is the greater of two values:

Will

Guaranteed Fixed Interest Rate Accumulation Value

Guaranteed Minimum Accumulation Value (Assumes a 4%* Guaranteed Fixed Rate, 5 Year Contract Term)

\$121,665

Can (done)

S&P 500® Index Linked Accumulation Value

S&P 500® Index Linked Accumulation Value (Assumes a 60% Participation Rate, 5 Year Contract Term)

\$154,163

OR

In this hypothetical example, \$154,163 becomes your end of term accumulation value, representing a 9.04% Annualized Return. Had the S&P 500® not outperformed the guaranteed fixed interest rate, your end of term accumulation value would be \$121,665, equaling the Guaranteed Fixed Interest Rate Accumulation Value.

*Best Interest Crediting, if any, is based on a comparison of the S&P 500® index value at the start of the crediting period to the index value at the end of the period. The percentage change, if positive, is multiplied by the applicable participation rate. The resulting value is then compared to the value based on a guaranteed fixed rate to determine the final amount credited to your annuity. You do not invest directly in the S&P 500® Index.

Key assumptions: \$100,000 in premium, 5 Year term, 4.00% Guaranteed Fixed Interest Rate, 60% PAR Rate, no withdrawals or surrender charges were applied to the contract. This example does not reflect the outcome of any actual person.

For illustrative purposes only. This hypothetical is based on historical performance, which likely will not be repeated. Actual performance could be higher or lower, and if the Guaranteed Fixed Interest Rate Accumulation Value is higher than the Index Linked Accumulation Value, there will not be index interest crediting. Individual results may vary. Data Source: S&P 500® from Jan. 1, 2019 – Jan. 1, 2024

If any withdrawals or partial surrenders, other than IRS Required Minimum Distributions, are taken, the Index Linked Accumulation Value will be disregarded and only the guaranteed fixed interest rate will apply. Your end of term Accumulation Value will be calculated using only the Fixed Rate Accumulation Value, and the Index Linked Accumulation Value will not apply.

Revol One Financial™ is the marketing name for Revol One Insurance Company. Revol One Insurance Company is responsible for its own financial and contractual obligations. Revol One Insurance Company is not authorized to conduct business in the state of New York.

Excelera Plus MYGIA™ is issued by Revol One Insurance Company, 11259 Aurora Avenue, Urbandale, Iowa 50322. Excelera Plus MYGIA™ consists of the Excelera MYGA Contract Number ICC23-RO-MYGA with the MYGIA Rider RO-MYGIA attached, includes rider form numbers ICC23-RO-NHWR, ICC23-RO-TIWR and other related forms, and is available in most states. The Rider modifies the calculation of the Accumulation Value by potentially reflecting indexed interest credits based on the performance of the S&P 500® index and may offer a lower guaranteed fixed interest rate. Products and features are subject to state variations and availability. Read the contract for complete details.
